

MONTEREY BAY

Unified Air Pollution Control District
serving Monterey, San Benito, and Santa Cruz counties

AIR POLLUTION CONTROL OFFICER
Douglas Quetin

24580 Silver Cloud Court • Monterey, California 93940 • 831/647-9411 • FAX 831/647-8501

Certification Requirements for Technicians

Any person installing, repairing, replacing or testing Phase I and/or Phase II systems or components at gasoline dispensing facilities equipped with an underground storage tank shall have the applicable certification/training as specified below. These certification/training requirements are also applicable for removal and installation of the Phase I and /or Phase II components in the course of any required performance test. Proof of certification shall be made available to the District upon request.

These certification requirements are not applicable when conducting: verification of flow rates and volume accumulated in the hoses, annual inspections, or inspections of Phase I and/or Phase II components, unless specified in the applicable California Air Resources Board Executive Order. If repairs or replacements are necessary in the course of these inspections, the following applicable certification(s) is required.

System	Type of Service	Type of Certification
Phase I EVR	Installation	Applicable Manufacturer & ICC ¹
	Testing	Applicable Manufacturer & ICC ²
	Maintenance/Inspection/Repair	Applicable Manufacturer
